Co-Chair

Evelyn J. Aquila
Commissioner

Stanley L. Zalen
Co-Executive Director

November 4, 2008

To Whom It May Concern:

Webcasting.com, Inc. has served the New York State Board of Elections with online webcasting services since May 2007. They broadcast meetings conducted onsite at our Albany, NY offices and meetings conducted at offsite locations, as well. The services provided to the State Board include recording the audio and video of all meeting content through the use of multiple cameras, capturing the proceedings from numerous angles.

Additionally, the broadcast is accompanied by simultaneous closed captioning. Webcasting.com is responsible for the broad dissemination of our board meetings via the Internet, and provides us with web-hosting and video archive storage services.

The State Board selected Webcasting.com, Inc. to comply with a new statewide requirement to improve public access to New York State government proceedings. The selection was completed after State Board representatives reviewed several proposals, and after Webcasting.com conducted a demonstration webcast meeting. The final selection was based on several factors including cost and their ability and commitment to deliver comprehensive technical services, thus eliminating the need for the purchase by our agency of any equipment or additional bandwidth necessary for delivery or archive. During the time period of our engagement, we have experienced a timely and professional delivery of services which have been completed in a non-obtrusive manner at a best-value expense.

A handwritten signature in black ink, appearing to read "Robert A. Brehm", with a long horizontal line extending to the right.

Robert A. Brehm
Deputy Director of Public Information
NYS Board of Elections
